

**"Unless someone like you cares a whole awful lot, nothing is going to get better. It's not."
- The Lorax, by Dr. Seuss**

Container Deposit Scheme Kalgoorlie-Boulder

HOW TO TURN THOSE COLLECTED CONTAINERS
INTO REAL LIFE DOLLARS

We recently went on a research trip to 5 Brooks Way, West Kalgoorlie, to check out the Kalgoorlie-Boulder Return-it facility and make a 'How To' document to make returning your containers an easy task.

Open Mon-Sat 8am-4pm Sunday 8am-2pm

Phone: 08 6146 3199

Step 1. Load your containers - no point going there if you don't have anything to return.

As the staff empty the containers onto the benches for sorting we recommend taking your containers in easy to move tubs, bags or bin.

Step 2. Stand Back! The staff will sort your containers into categories and distribute them into the proper container cages recording the amounts as they go

It is noisy!

They then input the amounts into the computer which generates your QR code in the next step

Step 3. Receive your QR Code. The staff will hand you this after they have done counting. It tallies up all your containers and lets you know how much you get back.

Step 4. Have your Scheme ID handy! The money deposit machine will ask you if you would like your funds deposited as cash or transferred to your Scheme ID. Hot tip to encourage parents to donate to the school include your Scheme Id QR code in your school newsletter or attach it to the bottom of your email signature.
